# ROLL UP BANNER 💩 🕲 🕒 🕦 Large Roll Up

# 1200 3060

The Everest Roll Up banner is made of durable aluminium with magnetic side connection parts, featuring 3m height. At the top of each banner stand, there are patented magnetic connectors that allow you to join together multiple units with a simple "click". Because of its size, it is a great alternative to pop up displays so it is ideal for trade show booths, press conferences, convention centers, malls, expositions, retail stores or any other media event.

# ROLL UP BANNER 🐠 🕕 🕲 🖨 Large Roll Up

If you are looking for something bigger, the Mont Blanc Roll Up is 2000mm wide and features four adjustable heights: 1700, 2100, 2600 and 3100mm. It is the perfect alternate to a pop up display. Due to its large height, assembly is easiest when you set up along the floor and then stand the display up. Also thanks to its telescopic capacity, can be used in any other smaller places, with a minimum height of 1700mm. It comes with a carrying bag.

### SIDEWALK BOARDS 🖨 🔝 🕜 🖨 🐧 📾 Textil Refillable Base

The Mikonos Sidewalk features a lightweight aluminum structure with a refillable plastic base that assembles in seconds (It is 3.95kg weight and it can be filled with 17l of water or sand). Also, the Textile Boards are also simple to setup. All the aluminium poles fit together and snap into base. Simply stretch the wrap over the completed structure and it's ready to use. The aluminium structure is affixed to the base with 2 large springs, so it stays stable in windy conditions. Built-in wheels also make this board easy to move as needed. A Nylon Carrying bag is included. This Sidewalk is ideal for being used inside or outside of restaurants, workshops, street stalls, supermarkets or heavily-trafficked areas such as tradeshows, events or conventions.

### INFORMATION

This 3x3 portable tent features a steel stable truss frame and a cover top made of high quality, rugged fabric available in 3 colors (Royal blue, White or Red). This pop up tent provides shade, shelter, and advertising space at promotional events. Have an instant shade option in seconds after quickly raising the frame and clicking it into position with its spring-loaded locks (no Tools Required). Also, thanks to its adjustable legs, you can adjust the height of the tent (3 different height settings). Ground spikes and ropes are included in the package to be used in case of light winds at outdoor events. Also, for a simple and fast transportation, a travel case with wheels is included. It is often seen at any event, like indoor trade shows, large-scale public events, flee markets, outdoor parties, concerts, festivals or a family party.

### INFORMATION

It has better weather resistance, better stability, no collapse risk and no blower noise than others. Also, it doesn't need electrical fan motor which pumps air continuously, thanks to its separate inflate and deflate nozzles, it just needs a few minutes to this task. Moveover, offers big space for branding. Before customizing, remove the TPU inner sleeve. The advantages of these inflatable arches are the compactness for transportation and easy installation. Ideal for sport events, opening of stores or private parties.

# FRAMES (1) (S) Slide-in Frame

Lublin aluminum frame has an open profile on one of its narrow sides. The change of graphic is really fast and easy, just insert your poster or graphic through the groove on the narrower side (W) of the Lublin frame, so this way, updating a presentation takes only a few seconds.

### INFORMATION

Lublin frame is made of anodized aluminium. This aluminum is lightweight but durable and can be hung either vertically or horizontally as well. The antireflection protector prevents the graphics from tampering. Also, the screws and hangers for wall mounting are included. Lublin frame is ideal for  $\,$ restaurants, supermarkets, banks, movies theatres, airports, malls, offices, lobby, at home or any other location requiring frequent changes of posters.

# ALUMINIUM LECTERN

The back of the surface of this Lectern provides the possibility of attaching an Alulon Poster System (Ref: 10571) to place a banner and customize the look of the lectern. For more information, see Signage chapter.

### INFORMATION

This aluminium lectern includes a 19mm thickness white wooden reading surface with a matching aluminum post and circular base offering modern visual displays. The reading surface on this lectern includes a book stop to support your notes during a presentation for award recipients, sheet music for a performance, or a seating chart to assist a hostess, also it features an adjustable angle view for the reading surface. With its sleek contemporary design, this podium is easy to assemble, requiring only a screwdriver and a few minutes. Its silver aluminum pole and base are durable and will last through years of performances and presentations This stylish yet affordable lectern is a great addition to any presentation space, such as auditoriums, restaurants for menu displays or convention centers to attract the attention of your audience.

DIMENSIONS AND OPTIONAL ACCESSORY

### INFORMATION

This stunning wooden lectern does not require the use of any tools for its assembly thanks to its Patent System. Each of its 10 pieces is designed to complete a sturdy and firm structure in very few steps. It is made of 16mm thickness Waterproof MDF Wood with a natural stylish grey finish. It features one shelf in the interior of the lectern, so this way, the extra brochures, business cards and documents can be stored out of sight so your exhibition always appears clean and organized. Also, it features a 320x225mm holder at the top surface for placing securely a tablet. The Removable Wooden Lectern is ideal for being used at auditoriums or convention centers to attract the attention of your audience.

# INFO STAND (1) (A) (C) (C) Click Stands

Sign displays can be used in a variety of indoor locations to showcase eyecatching graphics and signage. These sign displays are equipped with click frames which let you display A3 graphics (antireflection protector included). If you choose the configuration of single-sided, you can display 3xA3-sized graphics. Also you can create a double-sided presentation by attaching your sign holders back to back and exposing 6xA3-sized graphics. Guadalupe info stands are made of aluminum and feature a smooth silver finish.

Cascais double-sided Totem is built from sturdy silver anodized aluminum with steel base and anti-reflex protector. Designed for day or night time use, the illuminated lightbox stand has clear PVC lens to prevent glare. This Totem is freestanding and is very well suited as display frame for advertising in retail locations, restaurants, clinics or exhibitions. Cascais lightbox stand is useful for darker halls or movie theaters.

# LITERATURE STAND ( ) Literature Stands

Athy Brochure Wall Holder has 4 shelves and it is designed to accommodate 2xA4 portrait format documents by shelf. The magazine rack is wall mounting, giving you more floor space while still providing passersby with information. This type of rack system allows you to adjust the literature holders to the size you need. In this manner, it is up and out of your way, while remaining at eye level for your customers. Athy Holder is ideal for an office or lobby. Also see it in waiting rooms to hold your magazines and newspapers, or in information centers, travel bureaus and clinics to hold your brochures.

### INFORMATION

TexFix® is the abbreviation of Textil Fixing, our range of textile graphics exhibition applied on aluminum profiles. A system where innovation and high quality go hand in hand. The process of creating TexFix® is as simple as it is easy to apply: around the entire edge of the textile graphic a fine silicone cord is sewn and then inserted into the rail of the aluminum profile. Its versatility, simplicity of application and high visual impact (with the possibility of incorporating an LED system), makes it currently one of the most demanded and effective communication solutions in the market: store decoration, shop windows, offices, exhibitions, waiting rooms, as in the creation of stands, furniture, promotional totems or exhibitors.

### INFORMATION

The TexFix® LED Ultra Slim is designed to focus all attention on the backlighting of textile graphics. Its 15.5mm wide anodized aluminum profile is the lightest and slimmest of the whole range. Its LED system achieves an intense and homogeneous backlighting with a low energy consumption. Ideal for interior decoration of shops, offices, waiting rooms, exhibitions, shop windows or simply to create backlit representations of high visual impact on the wall. This assembled complete kit includes: hangers, corner connectors, methacrylate, Allen keys and a complete LED system. More sizes are available upon request.

## SHELF SIGNAGE Shelf Magnet Banners

Magnetic holder system suitable for metallic shelves.

#### INFORMATION

This magnetic shelf holder system features multiple solutions to the implementation of graphic promotions to metal shelves. The base is made of ABS with a magnet inside, it sizes 40x70mm, also it can be rotated to adjust exposure to optimal angle. To adjust the pole angle to the desired exposure, simply detach the base slightly from the angle bracket 2, adjust the pipe to the proper angle 3, and return the base to its original position so that it is secure 4. The aluminum pole offers the possibility of approaching the promotion to the passerby and has several options to hang different sizes of graphics, including transparent movable hooks, transparent movable clips or grippers for attaching posters or promotions. Either to be used on or below the shelf, several models are available to meet your needs. This multi-position holder system is often used on metallic shelves, poles or walls, so it is widely used in shopping malls specially in shopping center, supermarket aisles or pharmacies.
